Nenad Radovanovic

Fullstack Web Developer (React / Node) |

Belgrade

Summary

Tech enthusiast. Moved abroad, joining startups in San Francisco, Stockholm, and Cyprus.

Extensive experience acquired while in the Valley with a strong insight into the startup world.

On the road since 2017

Fullstack Web Developer (React + Node)

Mobile (React Native)

light UI / UX Designer

Experience

Marknadsinformation i Sverige AB

Fullstack Web Developer

November 2018 - Present (2 years 8 months)

Stockholm, Sweden

Marknadsinformation provides information, addresses and phone numbers, of all private persons/households and companies in Sweden.

Duties: Building from scratch or modernizing existing applications within the company.

- Front: React.js & Friends

- Back: Node.js

I also contribute to UX, architectural decisions and overall integrity of the applications.

We are market leading provider of tools for selections, cleansing and analysis software.

Through own performed interviews we deliver the best coverage of named decision makers, e-mail addresses and direct phone numbers.

Upwork

Freelance Web Developer (React / Node)

July 2017 - January 2021 (3 years 7 months)

Serbia

Working on large projects (developing standalone applications, TDD components) as well as small projects (React-related upgrades, bug fixes, feature implementations).

My stack of choice for building applications includes React + Next + Redux, Node, CSS-in-JS, and Webpack/Babel, but I still develop in VanillaJS per clients need.
